## **REPORT OF THE INAUGURAL FUNCTION OF BIO-DIVERSITY CLUB, NSS COLLEGE, NEMMARA**

The programme started with a prayer and acharya anusmaranam on 27.7.17 at 10.30 am.

Welcome address for this function was proposed by Dr. Jyothilekshmi.P, HOD of Botany, who is the coordinator of this club. Presidential address was delivered by the principal of this college Dr. Pramod.G in which he emphasized on the deteriorating condition of our environment and various types of pollution and also stressed on the need of biodiversity conservation to mitigate this. Inauguration of biodiversity club was done by Sri K Preman, president of Nemmara panchayath by lighting the lamp. In the inaugural address the panchayath president described about various environmental issues of this panchayath and how they successfully alleviated them up to an extent. He also intimated the students that the biodiversity register preparation is starting in the panchayath and those who are interested can participate in its preparation. He stressed that young generation have to take the responsibility to find out ways to mitigate various environmental issues in this locality. Keynote address was delivered by Sri. Jose Mathews, Environment activist, practitioner of sustainable integrated farming and former vice president of Akathethara panchayath. He emphasised on how an integrated approach can tackle various environmental problems and also talked about agro-bio-diversity. Dr. Uma Vinod, District co-ordinator of KSBDB, has explained about the concept and working of bio-diversity club and also regarding various interesting activities coming under the purview of this club. Felicitation for this function was done by Dr. Lakshmi.R.Chandran, HOD of Zoology who has offered all support of Zoology dept for this club. Vote of thanks proposed by Gokul.R, student of II BSc Botany.

Meeting ended by 1.30pm after the national anthem.
